SPRING ??? IS HERE.

Already sprung my clock ahead and am getting ready to see green again. Which should make us think of orange: the color to wear when you want to offend an Irishman on Saint Patty's day.

It also goes with spring green up, because we should be planning on seeding the landscape with little pieces of Orange Clay pigeons. And maybe some fullsize ones too.

Folks have been trying to shoot all winter, with the winter Trap league looking for a break. (no pun intended) and Skeeters in wooly's, funny coats and fur hats shooting on Sunday's

Smelt fries are half done, so do your best to not miss the second half. Always need help on Thursday evening, and Saturday all day, off and on. Believe it or Not! It is still fun to help out and hang out with the great volunteers that make this happen.

Watch for other events, activities, shooting opportunities, and other stuff that goes on all the time at the club. Eat, Drink and be merry, and shoot and hang out too.

Rifle Range is still seeing some activity even in the snow, and pistol range is open and frozen for a few more days. Cleanup and work days will be in the works. If you have ideas on what needs doing, or have some time to fix things up, clean up or improve anything at the club, bring it up so we can add it to the list, and hopefully complete and cross it off the list Soon.

Getting the next group of High School Shooters started this month. Do what you can to support the up and coming shooters. Help out, donate, support and promote are all options.

There is a lot happening at the club, and a lot more that could happen. New members will be checking things out, so make them feel welcome and help them have some fun too. Keep our club one of the best in the area and help make it the place to go for your shooting experience. Don't forget to Take a Kid outside with you and show them the fun of the great outdoors.

See you at the Club.

Shoot straight and be Safe!!

Bill Snyder,
I harvested this big boy on the last of my hunt. He was running with about 30 cows and two smaller bulls. My guide bugled and got him to stop at 160 yds. That's all I needed
